

We would like to thank Confederation Log Homes for making our Dream Home a reality! A special thank you to Don MacDonald who was in every respect absolutely amazing! Our hats go off to you Don! Don you took a personal interest in ensuring all of our needs were met, no questions went unanswered, and the response time in getting back to us was always immediate, your patience with our endless changes, emails and telephone calls proves your genuine interest in meeting peoples expectations and puts Confederation Log Homes in a league of its own. Confederation Log Homes, has an expert professional team, and top notch skilled staff, it was so nice to be able to put our trust in you and Confederation to make this happen, the design is absolutely breath taking and we will enjoy our new home for many years to come!! Living in Northern Ontario, you made it possible to complete our project online, we could not have done it without Confederations advanced technology and 3D program.

We would also like to thank Steve Johnson and his professional crews, you and your crew Steve, are simply polished skilled tradesman, the workmanship your team displays is superior and incredibly high quality work. Thank you for going above and beyond to meet our expectations, a job well done.
